

The Aidmatrix Network[®] for Humanitarian Relief

Technologies & Services Overview

The Aidmatrix Network[®] for Humanitarian Relief offers a robust set of Supply Chain Management, Volunteer Management and Fundraising technologies as well as Business Process Management, Consulting and Infrastructure Services. These solutions include modules that work together or independently to help empower your efforts to procure, manage and deliver humanitarian relief.

Let the technology help manage the paperwork so you can focus on the relief work.

PARTNERSHIP

Joining the Aidmatrix Network means you have a wealth of resources at your disposal. Aidmatrix provides program resources to make sure your program succeeds. A community of relief agencies, governments and corporate partners offers collective knowledge of best practices and practical solutions — meaning you are never in it alone.

TECHNICAL SUPPORT

Whether it be a training question or help with activating during a disaster — we are here to help. Our mission is to empower your team to maximize the disaster relief available to those in need.

TURN-KEY SOLUTIONS

We offer this service as a hosted application, so there is no hardware to maintain and no IT staff to hire.
